

Most comfortable ski areas

For the valuation of lift riding comfort, data has already been collected comprehensively. The data required for the valuation of skiing comfort are also available for the top 100 of the largest ski areas by Skimiles. Therefore, a ranking of the most comfortable ski areas (among the top 100 by Skimiles) can already be provided. The results also depend on how lift riding and skiing comfort are weighted. You can give us your opinion [here](#).

The ski area comfort combines the criteria lift riding comfort and skiing comfort ([more information here](#)).

You will find the top 50 of the most comfortable ski areas as well as a detailed breakdown of skiing and lift riding comfort values and numerous other rankings in this year's report, which is available for [free download](#) for the first time. Here are the top 10:

1.		Revelstoke Mountain Resort	7.91
